EAA Chapter 100 is a nonprofit association involved in the promotion of aviation through adult and youth education, hands-on training, building and maintenance of experimental aircraft, and through community awareness programs.

This publication by EAA Chapter 100, Inc is for the use, education and occasional enjoyment of its members and others. No claim is made for the accuracy or applicability of information herein. Editorial content is the opinion of the contributor not necessarily the position of either EAA Chapter 100 or the Experimental Aircraft Association.

Reader submissions and comments are strongly encouraged.

Notes from the July 28th - 2015 EAA Chapter 100 Business Meeting.

The meeting was called to order at 1830.

1. Tom provided the breakfast recap in his email.
2. The chapter picnic will be Sunday August 9th. The food will again be purchased from Hy-Vee like last year. Come around noon and we'll try to eat by 12:30 or so. Everyone is encouraged to fly in weather permitting.
3. The chapter is going to put a renewed emphasis on the Young Eagles program. We will be putting together a Young Eagles committee to begin coordinating an event for next year.
4. The chapter tool policy was discussed. It will be listed in the policy that all chapter tools are to be used for personal use only.
5. Gordy brought up that Al Coborn is selling some of his tools. A motion was put forth and passed to purchase the specialty tools that he has for up to \$500.00. Once we have purchased the tools, we will proceed further with a chapter tool chest and location for storage.
6. The hangar committee is going to review the hangar policy to update it and clarify some of the policy provisions regarding inactive projects. The policy will then be made available for review and discussion by chapter members.
7. The next business meeting will be Tuesday, September 29th.

Member Directory: This is a 3rd reminder. On June 2nd, the BOD decided we would publish - in paper format - a member directory consisting of: Name, home and cell phone numbers, email address and membership status. The directory will be available to current members at membership and business meetings and updated semiannually.

For those wishing to NOT have their information published, please contact Dick Fechter at newsletter@EAA100.org. Be aware, if you are getting this newsletter, your name will be on the directory unless you tell me otherwise. It is a directory of individuals who have shown interest in Chapter 100, not just current members.

The first directory will be published and distributed at the August 2015 picnic.

EAA Chapter 100 member Phil Conway won the Kit Built "Outstanding Workmanship" award at AirVenture 2015 for his Glasair Super IIS.

The USAF Thunderbirds will be at the [La Crosse WI Airshow](#) on August 8th. Actually they will also be there the 9th, but we'll all be at our picnic.
